STATUS INQUIRY

The Patent Application Information Retrieval (PAIR) system indicates a Notice of Allowance was issued on 10-01-2003 for the above-referenced application, but no such notice has been mailed. The undersigned understands that the application was flagged as part of a random quality assurance program of the PTO. Thus, the allowance of this application is pending a second rigorous review by an independent examiner under the quality assurance program.

While the quality assurance program ensures that valid and enforceable patents are issued by the PTO, in the present case it has caused a significant delay (over nine months) to issue this patent. Please advise us of when we can expect to receive the notice of allowance.

Respectfully Submitted,

Victor C. Moreno (Reg. No. 40,732)
